Education

Notre Dame University (NDU)

Bachelor of Computer Science

09/2022 – 06/2026

Zouk Mosbeh, Lebanon

Antonine International School

Lebanese Baccalaureate – SV

06/2022

Ajaltoun, Lebanon

Summary

Recent Computer Science graduate with a strong foundation in full-stack development and software engineering. Experienced in building scalable web applications and integrating AI-driven features through academic and project work. Seeking a training or entry-level position to gain hands-on industry experience, contribute to real-world systems, and continue developing technical and problem-solving skills.

Experience

Full Stack Web Developer Intern

06/2025 – 07/2025

White Beard Lebanon

- Developed and maintained web applications using HTML, CSS, JavaScript, PHP, and SQL.
- Built responsive user interfaces and improved backend performance.
- Collaborated with team members across development and testing phases.

Junior Accountant

06/2023 – 09/2024

Cheese on Top

Zouk Mosbeh, Lebanon

- Managed financial records, transactions, and reporting.
- Maintained accuracy and organization of accounting data.
- Communicated effectively with staff, customers, and suppliers.

Technical Skills

- **Frontend** – HTML, CSS, React, responsive UI/UX design.
- **Backend** – PHP, Laravel (REST APIs, MVC, Sanctum authentication, validation, security).
- **Databases** – MySQL, database design, queries, and optimization.
- **Programming** – C++ (OOP, data structures), Python (scripting, APIs, ML integration).

Projects

AutoMatch – AI-Powered Car Marketplace Platform

Final Year Project

- Built a full car marketplace platform with listings, messaging, and appointment booking between users and admins.
- Developed an intelligent chatbot that understands user needs and recommends cars directly from available inventory.
- Implemented a car price prediction system that estimates future value based on vehicle data.
- Created an admin dashboard to manage listings, track sales, and monitor profit and performance.
